Hands-on learning has never been easier...

All the work is done for you!

At Chicks' R'us we understand that you may never have looked after chicks before. Our setup is self-sufficient and needs no maintenance. Our friendly team delivers, sets up and collects all materials, saving you valuable preparation time.

Your Chicks' R'us program includes:

-  One dozen embryo eggs ready for hatching
-  An egg incubator with full viewing front for easy observation
-  A 360° viewing box to watch the fluffy chicks
-  A comprehensive teaching resource booklet featuring activities across all KLA's with built in outcomes and indicators from the current syllabus. Separate booklets are available for Pre-school, Out of School Hours Care, Early Stage One and Stage One, Stage Two, Stage Three and Stage Four programs. Booklets also include extensive background information for teachers, literature lists and web sites.
-  Activities are photocopy ready and suitable for student portfolios.
-  Self feeders and water containers for chicks over the weekend
-  Feed for chicks
-  Interesting fact and information sheets for children and adults.

This 2 week experience is only \$320.00 (\$352.00 inc GST)
